Re Planning application APP19/00778

The two hawthorns appear to be in poor condition, and I won't object to them being felled, but I would point out that they seem to be intertwined with a Silver Birch tree which should be retained, and not damaged by the felling of the Hawthorns.

As three trees are being removed from the site, I suggest that you ask Persimmon Homes to plant at least three more trees, on this site to replace them.

Yours faithfully
