3rd may 2020.

Ref: 16 Selborne Avenue Haverhill RG9 4PX (AAP/20/00302).

Dear Mrs Pickup

I am writing with my objections against the new build in Selborne avenue.

Where the new house would be situated. The back windows will be overlooking our garden and Conservatory which would give us loss of privacy.

I also feel that we will be overshadowed and have loss of light which we have had for the last 23 years.

Since the last appeal I note that the garden fencing has now been erected to the original plans, however that leaves no space for an adequate garden for a new 3 bedroomed property.

I reiterate that these houses have been built since the 1950's and if a house was meant to be on the end of that run it would have been built at the time, the new house is a lot further forward and would not be in keeping with the existing properties. I have lived here for 24 years and hope my objections would be taken into consideration.

Kind regards-
