RECEIVED

Long Copse Lane
Emmott
Hants

25.3.17

Dear Mr Oliver

re 16/01234 - Madgeniche
land/stables adjacent to Hollybark
cottage

We are writing to object to
the revised application for the
change of use regarding the
above.

We feel there are already plenty
of gipsy/traveller sites in and
around the West Sussex/Hampshire
borders particularly around
Westbourne. Any proposed development
would impact on the local
neighbourhood and narrow country
lane which is Long Copse Lane.
There is a danger that once

the site was developed there would be more dwellings and visitors than the official number and this would affect the people currently living in the lane and would have a detrimental effect on them and their living standards.

What would happen if visitors arrived and there was no room on site this would lead to the local roads becoming gridlocked and bad feeling all round.

We politely request that this application be refused.
Yours sincerely
