

HAVANT BOROUGH
COUNCIL

12 AUG 2019

RECEIVED

Havant borough Council
Town and Country Planning

Due to the fact of Eastoke Avenue took over 2 half years to build.

We had 6 large vans parked on the road most of the time. They used to parked either side of our drive way, they left the parking area outside 16, so they could leave space for their deliveries.

Once delivery they never move the vans and on four occasions we nearly had accident because we couldn't see up or down either the road.

On occasions they parked over the drive way so we couldn't get out.

[REDACTED]
[REDACTED] we definitely know we will have problems with parking.

[REDACTED]
I would like to know how you police the parking.

[REDACTED] we do like our peace and quiet and we insist that no work be carried out on Sunday and Saturday No work before 8am and work to be finish by 5pm.

P.T.O

As we were tormented by all the
work carried out on Number 16
until 10pm.

So we object to two three bed detached
dwelling at 14 Eastoke Avenue because
of the parking.

Your Sincerely
