

3rd March 2021

To:- Havant Borough Council Planning Dept.

Dear Sirs,

Reference Application APP/21/00045 (186 Seafront).

With reference to the above application, we wish to record our Opposition to this application, on the following grounds.

The proposed development is too large for the site.

The height of 3 storeys is too high in any case.

The development is one more example of over development

On the Island, with the lack of clear infrastructure plans for the Future.

The development with its height is obtrusive to nearby properties.

Yours faithfully,
