Dear Sir,

I am horrified at planning application
for 2 DOLPHIN QUAY. EMSWORTH.

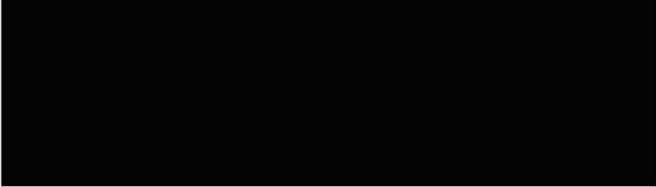

1. History + ancient view for Emsworth
people -- already partly obstructed.
2. Not appropriate for area -- no parking
noise, fumes, litter.
3. Completely at odds with surroundings
4. 3 closing dates given for application
I have left 2 phone messages + no reply
application appears to have been kept
hidden
5. Where is the promised tree/container
seat - present one has no use
pto

6. This site is a very important
yet fragile + threatened site
should be nurtured rather
than exploited for financial gain

7. Dolphin Creek will be
threatened as wild life + River
Ems site

8. Ugly, cheap, vulgar - entirely
un Emsworthian planning approach

Thank you
