Comment:

I am sure that there many people living on the Island and Surrounding District like myself and of that age! who want to keep their independance and Motivation for life - Hayling Island has everything! Easy walking to all amenities. A regular bus service to Havant or just easy access to Health Centre / Community Centre, Churches, Seafront & Parks. Also we are so familiar to this Area.

A McCarthy + Stone Development would be such an asset on the proposed site / their properties always look so welcoming, tidy + well Maintained. This enabled the lucky residents to remain motivated, active and enjoy making friends + a community for themselves

Thank for
