Dear Sir,

Ref proposal food store, Manor Road.

Hayling Island). Application APP/17/00656

I am writing to you to register my support for the application by LIDL UK, to open a new store at the above site on Hayling Island.

My main reasons for the support is that in my opinion we badly need a larger store on the Island, that will encourage the local people to shop there, and therefore reduce the amount of traffic using the main road to travel to Havant, & shop there.

We currently suffer bad "hold-ups" and traffic congestion between the Langstone roundabout and Dolent Road caused partly by the amount of traffic visiting the Tesco Store and Marks & Spencer.

In addition, the LIDL Company are well known for their competitive pricing, which I am sure will be beneficial to the many retired people living locally.
Yours faithfully,
