This image shows a blank, aged, cream-colored page, likely an endpaper or flyleaf of a book. The paper has a slightly textured appearance with some minor creases and discoloration, particularly along the edges. A dark, possibly black, border is visible around the perimeter of the page, which appears to be the binding or the edge of the book's cover. The overall tone is warm and slightly off-white, characteristic of old paper.

Is the applicant the owner of the tree(s)? ☒ Yes ☐ No
If 'No' please provide the address of the owner (if known and if different from the tree location)

Are you wishing to carry out works to tree(s) in a conservation area? ☐ Yes ☐ No

If you know which TPO protects the tree(s), enter its title or number below.

Please provide the following information below : tree species (and the number used on the sketch plan) and description of works. Where trees are protected by a TPO you must also provide reasons for the work and, where trees are being felled, please give your proposals for planting replacement trees (including quantity, species, position and size) or reasons for not wanting to replant.
Eg. Oak (T3) - fell because of excessive shading and low amenity value. Replant with 1 standard ash in the same place

Chestnut tree in the centre of the garden close to the boundary of neighbours.
We need to thin it as much as possible (45%) as it is overhanging badly and neighbours are having an annex built.
