

HAVANT BOROUGH
COUNCIL

26 AUG 2016

RECEIVED

TO ALL RESIDENTS OF EMSWORTH

'SAVE OUR GAP'

Planning and Development Ref. No: APP/16/00774

Our aim is to present this petition to Havant Borough Council
and would hope that every household feels as strongly opposed as we do.

We have recently been to a public exhibition held at the Brookfield Hotel which was presented by Barratt Homes informing us of their intention to build 194 residential homes including 58 affordable ones. We also attended the Forum held at the Civic Plaza on 9th June 2016.

The proposed site is situated north of Havant Road (A259) and west of Selangor Avenue.

As residents of Emsworth we feel very strongly that this would be detrimental to the environment of Emsworth.

Being a village, we are all ready experiencing trouble with doctors appointments, school through traffic, parking and access to Havant Road.

With a new residential site housing at least 400 persons and probably 380 cars,
this is just not a feasible or environmental friendly proposal.

We aim to protest as strongly as possible and this petition is the start.

We would encourage all residents to write to the Havant Borough Council stating their objections,
before Friday 26th August 2016.
