

YOUR REF APP/20/00137
25 CHARLESWORTH DRIVE
WATERLOOVILLE

15/04/20

Dear MR Toole

Regarding the letter received today informing us of the revision to the above bungalow conversion in Charlesworth Drive.

Our concern remain that parking of builders vehicles opposite & in Charlesworth Gardens has been, still is & will continue to be a hazard for access to & from the Gardens.

Even now during the coronavirus crisis they are there & it is obvious that when the stay at home policy is relaxed & we can resume travelling that this area will become a danger to traffic by reducing to one lane.

At one stage our wheeler bin was not collected (for 2 weeks) & the council officer informed us that the road was blocked preventing long access.

Regards
