

Dear Sirs

My attention has been drawn to the building of 3 houses in the corner of St James Road.

Though it will not directly affect me I can see that it will be a loss of privacy for my neighbour.

However since you have constantly refused to lower the pavement in front of No 3, I wonder where all the extra cars are going? There could be 6 extra cars - 3 single garage? This is a huge concern and full of houses would be sufficient.
