

Havant Borough Council Planning
Your Ref. APP/20/00131
28 Everglades Avenue

23/02/20

Dear Sir/Madam

With reference to the above planning application. The property has previously had alterations made to it which included the removal of the integral garage. The current occupiers of the property have sufficient room on the existing driveway for 2 cars but often additional cars create difficulties on the surrounding narrow roadway. Cars are parked partially on pavements and opposite other driveways. Will the proposed development create more residents with more permanent car parking requirements in a narrow cul de sac area which is not fit for purpose?

Regards
