2 Orange Row
Emsworth
Hampshire

Your ref: APP/17/02114

Dear Sirs,

5 Orange Row Emsworth

Thank you for your letter dated 16 January

My main concern over the amended planning application relate to the changes to the front of the property which will result in its appearance being out of step with the other houses in Orange Row. When I first considered purchasing 2 Orange, I was impressed by the way the same design of the brickwork, wall colouring and windows combined to give a unified appearance to the properties which I found quite attractive.

I would prefer that this unity of appearance should not be altered.

The planning application refers to alterations to the windows. I do not know the nature of these alterations but it may be appropriate to mention that I considered changing my own windows from wooden construction to UPVC and approached you concerning this on 8 September 2016. You replied on 19 October and I enclose a copy of your letter dated 19 October.

5 Grange Row, Emsworth APP/17/0111

It was apparent that you wished the visual appearance of the windows to remain the same.

Yours faithfully,
