Subject: Re: 32 Spring Vale APP/19/00925

Hi Selina,

So we have done some research on the soak away and we only need to base the soak away on the new extension sizing.

My husband has calculated this, as follows

Garage roof 15.12m²

Extension roof 72m²

Total 87m²

90m² x 50mm rain / 3000 = 1.5m³

He did however say that he will be happy to make this up to 2.5m³.

Kind Regards _____
