Thank you for your letter of 23/05/2019.

Southern Water would recommend discharge of condition 6 relating to foul sewerage disposal. An approval for the connection to the public foul sewer should be obtained under Section 106 of the Water Industry Act.

The Council's Building Control officers/technical staff and the environment agency should be consulted regarding the discharge condition 6 for surface water disposal to soakaways.

Southern Water would have no comments to make with regards to other conditions being subject of consultation.

Yours Sincerely

Marta Karpezo
