To whom it may concern,

Craig Robson is a current employee of Gable projects Ltd, I have known Craig for a number of years . I often pick him up for work and drop him off and notice that he uses the side gate as well as the main front door of the property. I have also been invited into the main house socially by Craig for dinner drinks with him and his sister Carla. They have a close relationship and Craig is a large part of [REDACTED] his nephew's life, he often babysits so Carla can go to work. We have also had social events outside in the back garden which is shared between the main house and the annex.

Kind Regards,

Collin Collar
