Dear Mrs Pickup

Ref/APP/21/00353

Site address 16 Selborne Avenue
Havant PO9 4PX. The erection of
a 2 bedroom detached dwelling.

My major concerns are still
the same as before. The actual
plot size and design of the
property no back garden space.

I can see now they have
changed the rooms around since
the last time they applied
for a 3 bedroom build but
at the same time the new
build will be the same size
just bigger bedrooms.

the property will still be
right up to [REDACTED]

so I will have the same
issues with overshadowing.

the impact with the surrounding
neighbours. Feeling hemmed in
no privacy with the windows
side and back looking into my
property and garden also the
overhanging.

As for the back garden space
its a joke there is no room
for an actual garden for a
family + cycle space as it
specifies on the new plans
I really hope someone has
looked at this issue?

Also Selborne avenue is
even more congested this end
now since the double yellow
were put into place.

I would like to think my
objections will be given
consideration when your
looking at this application

many thanks
