Re The Green Cottage 23 Langstone High St, planning application APP/19/00075

Dear Ms Ballam

I am a qualified carpenter and joiner and have worked on a daily basis in Langstone Village for over 50 years.

I strongly oppose this proposed design.

The height of the pitch is overbearing especially being in black slate and covering such a large area. If it were to be at a lower angled roof of 22 degrees and covered in old red clay tiles as is on the rest of the building it would be more aesthetically pleasing to the conservation area and more in keeping as it is a grade 11 listed building.

The loss of daylight to the harbourside and surrounding properties is detrimental to this area of natural beauty due to the large high design.

Please take my views into consideration

Yours sincerely
