Commenter Type: Complainant

Stance: Customer objects to the Planning Application

Comment Reasons:

Comment: I strongly object to this proposal on the following grounds:

1). This site will cause severe environmental damage to an area of outstanding natural beauty on the he edge of the Southdowns National Park. Wildlife habitat will be lost and the area in question is home to rare wildlife.

2). There simply isn't the infrastructure in place in this area to support this site.

3). An increase in traffic along a narrow country lane which is three parts very dangerous and on one part very narrow. This road is popular with horse riders, walkers and bike riders (often young children) who take advantage of its current quiet traffic flow.

5). There isn't the local civic infrastructure. Both Emsworth and Westbourne are oversubscribed in terms of GP and school places.

Please consider these objections, and if the MAJORITY of local people object, please for once respect the will of the people and let their democratic decision be final.
