Subject: Acolaid Case CONS/15/01771

Good morning David,

Please find a No Adverse Comments reply for this application.

The applicant must however ensure the provision are in place to ensure the health, safety and welfare of both, staff and customers.

I read that manicure and pedicure will be carried out at the premises and it may be that following a risk assessment, local exhaust ventilation etc... are required for this type of activity. there are other risk associated with this type of activity which will also need to

be addressed, however should the applicant require further information/registration he/she should contact the Environmental health Commercial Team.

Kind regards

Laurent
