I would like to oppose the building proposed at Eastview as we do not need any more traffic in or around Manor Road. Everyone uses the cul-de-sac as a car park especially tradesman who are visiting houses on the main road and this will be no different with this house. A lot of the time we have to go round the houses to find out who has parked over our drives as we cannot park our own cars, Manor Road is busy enough at all times of the day and cars and vans also park on the main road making it impossible for vehicles to turn and get out of the cul-de-sac. The emergency services, ambulances and fire engines would have difficulty getting to the houses down our cul-de-sac as it is.
We do not need any more pollution, traffic and noise.

Regards

Amanda Bartlett
