Subject: You have a query submitted through havant.gov.uk

A form for your team has been submitted through the Havant Borough Council website.

The form was submitted on Sunday, 21 August, 2016 - 15:02

The web form reference number is 329/24538 (this number has also been given to the customer as a reference number)

The details entered in the form are:

--Your contact details--

Your Name: Mrs Heather Page

Your last name:

House number/name: 10

Road name: Meghan Avenue

Town/village: Hayling Island

Post code: PO11 9JB

Preferred contact method: Email

Your email address: [REDACTED]

Secondary contact method: Post

Do you require responses to be in a certain format? No

--Which team would you like to contact?--

Service: Planning

--Your reason for contacting us--

Your query or comment: I am writing with regard to ref:

APP/16/00701 - Demolition of double garage/Erection of (1) one

bed B/low I wish to oppose the application for the following

reasons. The proposed build in my opinion would be too close.

Overlooking my property and denying me privacy within the garden

and my home. It would be 'claustrophobic' creating

overshadowing in parts and will cause loss of light by day. At

night will create light pollution which will create brightness

that will encroach into my bedroom window. I already have

difficulties with sleep, Needless to say this proposal will

create both additional noise and light pollution. Webb Lane is

one of the very few leafy lanes left on Hayling Island and

already has it's fair share of residents in already established

homes. The neighbourhood can well do without additional cars.

Parking in Webb Lane is already problematic. The Age Concern

building in the Lane is in regular and full use. The amount of

vehicles trying to park in this area is at times overwhelming,

causing it to be, at times problematic to park my car on my own

hard standing. Additional cars to another building in the lane

will just exacerbate the situation. My neighbour is supposed to

be able to park his car on this proposed (build) area but instead

has to park in other roads. A decision to permit this build would be overdevelopment of the area and would set a precedence for other proposals to do similar. Please give caring consideration to the residents of this area. Thank you. H J
Page.
