

26th September 2019

Dear Sirs

**Re: The Town and Country Planning Act 1990 (as amended)
Town and Country Planning (Development Management Procedure) (England) Order
2015**

Ward Court, 65 Sea Front, Hayling Island

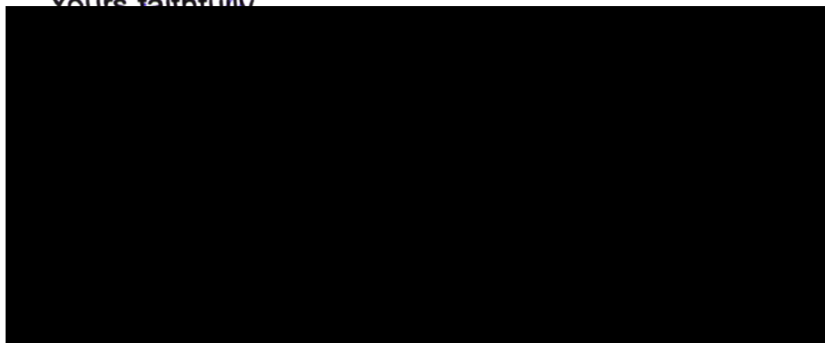

Your Reference: APP/19/00722

Further to my letter of 15th August 2019 objecting to the above application I would like to supplement my letter with one further objection, namely the disturbance the proposed development would cause to the bats which frequent the garden of Ward Court.

The bats fly around the rectangular area created by three walls of the block where the applicant proposes to place 3 new parking spaces and an overhanging balcony. They also frequent the garden to the south of this rectangular area. The proposed parking spaces and the concreting over of the garden would directly interfere with the bats' habitat.

I understand that bats are protected under Schedule 2 of the Conservation (National Habitats) Regulations 1994.

Yours faithfully
