16.7.21

I would ask you that you refuse permission to works on 19 Fir Copse Road.

We have lived at number [REDACTED] Purbrook for over 54 years and in all that time the properties have been bungalows with no upstairs extension nor dormers. This happening would spoil the look of the place and to the bungalows along our side of the road. These plans sounds awfully big and excessive and not in keeping. It will affect the character to our neighbourhood with our side of the road being for elderly and disable used bungalows.

All the time we have lived here, I've only known these properties to be mostly owned by elderly and disabled. This is really whom they are ideal to be owned by and probably the purpose they were built for. We are both [REDACTED] we plan to end our days in our home and really don't need this stress. [REDACTED] with any noise and disruption causes [REDACTED] stress, anxiety and [REDACTED]

The effect of the plans appear to mean that we would lose light on the side of our property mainly to our bathroom and conservatory. We would also be directly overlooked in our garden and conservatory again causing us stress.

The new owners of number 19 have three means of transport. The parking in the area is poor, my visitors have to park in Frances Road. I am wondering and guessing that they may plan to knock the garage down to be able to gain access to their garden. It looks from the plans that there will be a problem with the *right of way* and shared drive. It is already extremely difficult to get a car out of our garage due to their existing conservatory; any extension could prove this impossible.

[REDACTED] our friends or emergency staff may need access to the area. Any big works would also get in the way and [REDACTED] this could cause a nuisance and obstruction to us using our shared drive and walkway.

I can only see this being more of an inconvenience and unfair to our neighbours and mainly us. I would prefer them to keep their property to one level, so we keep more of our privacy and light.

Kind Regards
