

HAVANT BOROUGH
COUNCIL

16 AUG 2018

RECEIVED

30, Sinal Lane
Hayling Island
Hampshire PO11 0HH
Aug 12th 2018

Dear Sir or Madam,

Proposal for land off Sinal Lane H.I
erection of 195 dwellings & pumping
station / sub station & access to
Sinal Lane. =

Grease refuge this is 'irrelevant as
they will not land there with so much
human activity'. They will find
somewhere else to go... a big loss of
wildlife on the Island.

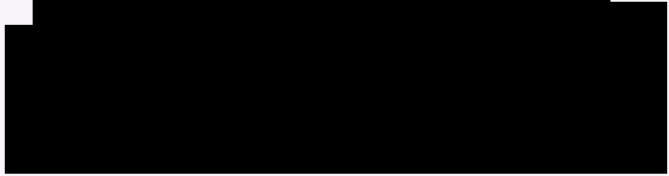

Access It has been getting quite
difficult to get on & off the Island due
to volume of traffic + the horrific
hold-up at the access roundabout.
So at least another 100 cars on the
main road will be pretty awful not to
mention the probable hold up in Westtown
due to volume on a possible "rat-run"
along West Lane a most unsuitable
road for heavy traffic.

2
At present it is very difficult to
get DR & Dental appointments
this will get worse!

We are now bereft of shops Banks
etc and so to access those it is
necessary to exit the Island

The reason people visit the Island was
its different character to other beaches
in the area. We will soon be a
floating housing estate stranded in
the water — we had had to fight
& even contribute to keep the
Ferry working even without any
bus service to meet it. I
understand that this is to be
improved a small corner!

Besty Feb 1980.
