Attention: Mrs. D. Hayward

REF: app/17/010113

My husband and I are HISC Club members who, during major open meetings, need to use the overflow car park.

Our objections to the proposed camper van parking on this site on permitted weekends are listed as follows:

- 1) HISC are very negligent in leaving the barrier to access the site OPEN. We have noticed this on many occasions. We, therefore, question their efficiency at managing the site.
- 2) The site is too far from the Club facilities i.e. toilets, showers, rubbish disposal & toilet chemical disposal. There will not be any supervision after working hours as it is only a temporary site.
- 3) Noise through the night from barbecues and parties & friends who might come by car to join the camper vans. Danger of things getting out of hand with alcohol influenced swimming in dangerous tidal water.
- 5) At high water springs the camper vans could be visible from yachts and marine craft entering Chichester harbour.

We hope you will consider our objections when making a decision.

Yours sincerely

Mr. & Mrs. Brian and Pat Riches
