RECEIVED

25 JAN 2022

Dear Sir/Madam

FELL 1 NO LAWSON CYPRESS (T10n plan)
SUBJECT TO TPO 1122

With reference to the above.

I am writing with regard to the dangerous condition of the pavement in Connaught Road caused by the roots of the said tree uplifting the tarmac and the wall being continually cracked.

I have also been in [REDACTED] where the said tree takes away the daylight. When there are gale force winds (which are becoming more frequent) the movement of this tree is quite scary.

It would be appreciated if these items could be taken into consideration.

PTO

yours faithfully
