Subject: Rook Farm Planning Application

Re APP/17/00007

Dear Mr.Eaves,

I am writing to oppose the planning application for Rook Farm, the reason being that the infra-structure for the Island is not adequate, i.e. Doctors,dentists, schools ect.ect are already reaching crisis point. Also the bridge and roads are not adequate to keep up with the growing amount of people living and visiting the Island.

kind Regards
Mrs Quantrill
