

Planning Services, Mrs D. Haywood,
Town and Country Planning,
Havant. PO9 2AX.

19th March 2020.

Dear Sir/Madam,

I am writing in answer to your letter of 13th March, ~~rel~~ regarding the proposal, to build 195 No. dwellings on land at Sinaah Lane. The application to be considered, by the Development Management Committee, at its meeting on 26/03/2020 at the Public Service Plaza. This, I would suggest will not be feasible in view of the risk of infection. The other significant factor is that the Traffic study has not yet been done and this is mandatory prior to work commencing.

I feel that at the very least a three month delay; to ensure that these reasons are more than sufficient to enable a safe way forward. Safety to the general public is essential.

Yours Faithfully,
