Dear Mrs Sally Smith

You will have to forgive me for my late email to you regarding the above application. I have only just seen an application for the development of 108-110 Elm Grove, Hayling Island, PO11 9EN. Although I do not live on the Island, I work for a company in a neighbouring address.

Having looked at the plans on the website for this development, I have a number of concerns and as such, feel that this development should not go ahead. Please see my concerns below:

1) The Island already struggles with congestion on and off of the Island and developing more apartments will escalate this further with more visitors and more cars on Hayling Island roads.

2) The local doctors surgeries will not be able to cope with even further demand when resources are already stretched. I know this is also concerning my colleagues who live on the Island.

3) It does not enhance the local economy - the Island needs more relevant businesses such as shoe shops etc (no more beauty and hair businesses or cafes or charities) but shops such as Clarks and Aldi for example.

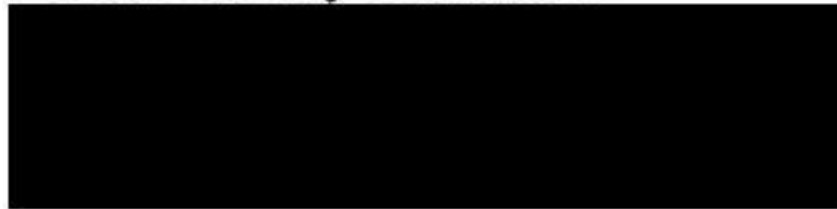

4) The parking is already scarce for people working in this area of the Island and the car park at the back of the Billy pub is already in high demand.

5) Generally, the amount of sheltered accommodation in this area for the elderly is high and yet there is no local developments for first time buyers.

I hope that you will take my thoughts and concerns into consideration. Please feel free to contact me via email or telephone should you wish to discuss this further.

Kindest regards,

Miss Bethany Hammond
