

Further to last weeks conversation i would like to lodge an objection to the proposed development of Oak View Rest Home.

My concerns are numerous.

- That the proposed developed will block sunlight from the south aspect of our garden and property.
- That a 2 storey development will result in an unsightly eyesore.
- We have on occasion had our peace interrupted by noise fro both residents and staff from the Oak View property and can only assume that increased residents will result in this in turn increasing.
- The Oak view property has, since we purchased our house in 1997, undergone numerous developments form a standard mid sized semi detached property fully in keeping with its surrounding neighbours, into a large and imposing building, dominating the street, with no green spaces and a lot of car parking.
- We are particularly worried that the bigger the property becomes the more of a negative impact it will have on the value of our property.

i hope that you view this objection favourably when making any decisions in granting acceptance to the proposed development.

if you require any additional information please do not hesitate to contact me.

Kind regards
