Dear Sir or Madam,

Thank you for your letter dated the 12th May 2021.

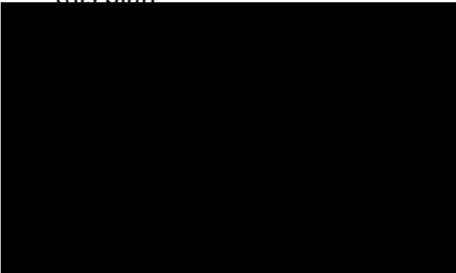

I write in opposition to the application for the planned proposal for reference APP/21/00470.

I do not wish for any reduction to take place in the crown or pruning of the tree for the following reasons. This is a healthy tree which is a clearly visible landmark form the main road and which is an asset to the street and the local community.

It has a high amenity value and, in my opinion, makes an important contribution to the environment and helps define the character of the area itself as well as historical importance.

It also helps preserve local wildlife as we have all sorts of birds such as robins, starlings, sparrows, woodpeckers as well as other wildlife such as squirrels.

There are no potential threats from this tree, albeit there may be a very insignificant amount of woody stems attached so this is obviously for cosmetic reasons only which I think does not warrant this plan
