Dear Mrs Maria Stewart

REF:- OAK TREE AT 74 SEAFRONT ESTATE.

Thank you for your recent letter. Obviously, I do agree to this horridly ugly tree being trimmed, even better, please would you grant permission for this arthritic specimen to be chopped down completely.

due to slipping on concrete, wet concrete, a couple of years ago so I must be very careful now, as the leaves on my constantly damp garden are a constant headache & a threat to my health.

Please allow my neighbours next door at N° 74 to take it down!

Sincerely,
