RECEIVED

Dear Mr. Toole,

Re. planning APP/20/00137

We would like to register a strong complaint regarding the proposed loft conversion including side dormers at 25 Charlesworth Drive Waterlooville PO76AX.

This alteration to the property is completely out of character with the surrounding area.

It is also showing no consideration for the neighbours who live either side, and have been in their homes for over 40 years.

They will have a considerable lack of privacy due to the fact that the side dormer windows will give direct views down into their bedroom, bathroom & kitchen. This will also

lead to a devaluation of their
properties.

We therefore think that this planning
application should be rejected.

Yours faithfully
