Dear Mr. Crawford,

Thank you for the notification about the proposed development at 18 SELSET CLOSE which is immediately behind my property. I wish to object to the proposal due to the effect on daylight, privacy and outlook.

Part of my rear garden is already thrown into shade by the trees planted at the bottom of the garden of 18 SELSET CLOSE which overhang my property, this development I believe will increase the problem.

[REDACTED] one of my few enjoyments is sitting in my rear garden which is increasingly being marred by the aforementioned overhanging trees [REDACTED]

[REDACTED] I will, I expect, be seen from the proposed parapet of 18 SELSET CLOSE. I most regrettably object to the proposal

Yours sincerely,

[REDACTED]
