Please enter details of the proposed development. This should normally be taken from the planning application form.

Does the proposal include demolition of non-listed buildings within a conservation area? Yes ☐ No ☒

F. REASON FOR THE APPEAL

The reason for the appeal is that the LPA has:

1. Refused planning permission for the development. ☒
2. Refused permission to vary or remove a condition(s). ☐
3. Refused prior approval of permitted development rights. ☐
4. Granted planning permission for the development subject to conditions to which you object. ☐
5. Refused approval of the matters reserved under an outline planning permission. ☐
6. Granted approval of the matters reserved under an outline planning permission subject to conditions to which you object. ☐

7. Refused to approve any matter required by a condition on a previous planning permission (other than those specified above). ☐
8. Failed to give notice of its decision within the appropriate period (usually 8 weeks) on an application for permission or approval. ☐
9. Failed to give notice of its decision within the appropriate period because of a dispute over provision of local list documentation. ☐

G. CHOICE OF PROCEDURE

There are three different procedures that the appeal could follow. Please select one.

1. Written Representations ☐
2. Hearing ☐
3. Inquiry ☒

You must give detailed reasons below or in a separate document why you think an inquiry is necessary. The reasons are set out in

☒ the box below

The Appellants case will require detailed examination of the Council's position on its Housing Land Supply (HLS) to demonstrate that the Council does not have a 5 Year HLS which will necessitate detailed cross examination of the Council's witnesses to establish that the Council's assessments of sites and predicted delivery rates are not soundly based and that sites are not all deliverable. The only way to robustly test the Council's stated position is through an Inquiry where these issues can be properly debated and examined.

In addition, the Council relies upon an out-of date Local Plan which is inconsistent with the NPPF/PPG and this will require detailed cross examination of the Council's witnesses to explain why the relevant policies of the adopted Local Plan are out-of-date independently of the lack of a 5 Year Housing Land Supply.

The principal reason for refusal alleges an impact upon the setting of the adjacent Conservation Area which was extended during the determination of the appeal application. The Appellant's expert heritage witness will need to provide detailed and specialist expert evidence with respect to the significance of the Conservation Area and the absence of any harm arising from the appeal proposals.

Finally, the planning application attracted a substantial number of objections from local residents and there is therefore undoubtedly a high level of public interest in the outcome of the appeal. A Public Inquiry would allow interested parties the opportunity to observe and take part in the proceedings to ensure that the appeal proposals have been given the degree of scrutiny they deserve.

- (a) How many witnesses do you intend to call?
- (b) How long do they need to give their evidence?
- (c) How long do you estimate the Inquiry will last?
