G. CHOICE OF PROCEDURE

It is important that you read carefully section G of the guidance leaflet before you complete this section.

There are 3 possible procedures:- written representations, hearings and inquiries. You should consider carefully which method suits your circumstances before selecting your preferred option by ticking the box.

1 THE WRITTEN REPRESENTATIONS PROCEDURE

W ✓ *

This is normally the quickest and most straightforward way of making an appeal. The written procedure is suited to the vast majority of appeals.

- * a) Could the Inspector see the relevant parts of the appeal site sufficiently to judge the proposal from public land? Yes ✓ No
- b) Is it essential for the Inspector to enter the site to check measurements or other relevant facts? If so, please explain below or on a separate sheet. Yes No ✓

2 THE HEARING PROCEDURE

H ◇

This procedure is likely to be suited to more complicated cases which require detailed discussion about the merits of a proposal. Although you may indicate a preference for a hearing, the Inspectorate must also consider that your appeal is suitable for this procedure. If you are proposing that this appeal follows the hearing procedure you must submit a draft statement of common ground. You must give detailed reasons below or on a separate sheet why you think a hearing is necessary.

- ◇ If the hearing procedure is considered suitable we will seek details of your availability when sending the appeal start letter.

- a) Is there any further information relevant to the hearing which you need to tell us about? If yes please explain below. Yes No

3 THE INQUIRY PROCEDURE

I ▲

This is the most formal of the procedures. Although you may indicate a preference for an inquiry the Inspectorate must also consider that your appeal is suitable for this procedure. You are required to provide information concerning the number of witnesses and the length of time they need to give their evidence. If you are proposing that this appeal follows the inquiry procedure you must submit a draft statement of common ground. You must give detailed reasons below or on a separate sheet why you think an inquiry is necessary.

- ▲ a) How many witnesses do you intend to call? No. of witnesses
- b) How long do they need to give their evidence?
- c) How long do you estimate the inquiry will last? No. of days
(Note: We will take this into consideration, but please bear in mind that our estimate will also be informed by others' advice and our own assessment.)

G. CHOICE OF PROCEDURE (continued)

◇ If the inquiry procedure is considered suitable we will seek details of your availability when sending the appeal start letter.

d) Is there any further information relevant to the inquiry which you need to tell us about? If so, please explain below.

Yes No

H. FULL STATEMENT OF CASE

See section 11 of the guidance leaflet to help you decide what to include in your full statement of case.

There is no further opportunity to add to your statement of case at a later stage.

Do you intend to submit a planning obligation (a section 106 agreement or a unilateral undertaking) with this appeal?

Yes ☒ No ☐

Have you made a costs application with this appeal?

Yes No ☒

A previous Planning Application for two houses with no allocated car parking was approved for the same site on 6th November 2017 (Ref. APP/17/00567)

The subsequent second application being appealed was for two houses with no off road carpark space included. This application covered the same site and development footprint, but reduces on the ground floor accommodation space internally to allow for the provision of off road parking for each new house. Elevationally the only change from the previously approved application is the reduced brickwork on the front boundary - although this is still a visible feature, albeit set back to the rear of the parking bay.

When the original approval was submitted many objections were received from local residents concerned that the new properties would create additional demands on parking area - particularly Sutton Road where the properties are set. This however was subsequently rejected by the Planning Department in favour of granting consent with no parking included. It is considered that in this instance car parking would be neutral to that currently on the street as the loss of parking to the road would be addressed by on site parking being provided.

H. FULL STATEMENT OF CASE (continued)

The second reason given for the refusal relates to the failure to sign an Agreement (Unilateral Undertaking) regarding The Conservation of Habitats and Species Regulations 2017 (Habitats Regulations). This is not correct - a completed undertaking form was submitted to Havant BC on 19th August 2018 which confirmed the agreement and acceptance of the charges as set out in the Undertaking which would be paid as required in the event of a Planning Consent being given for the development. (A Planning Condition - Section 106 Agreement). Therefore this is not considered a valid reason for the refusal.

In conclusion the reason for the refusal of the application it appears is based solely on the external appearance - minor changes to the ground floor elevation of an already approved development. The changes are not considered out of keeping with the streetscene as this part of Sultan Road has no set appearance credentials except near terraced properties. There is no direct requirement for all properties to look the same, new development features should be incorporated into existing environments.

A refusal of this application is a totally inconsistent approach to that of a previously approved application on the site.

Please continue on a separate sheet if necessary
