What was the use of the building immediately before 20th March 2013 or the last use before that date?

The building has been used for storage of farm equipment and hand tools. The two loose boxes were used for our sheep and pigs primarily during bad weather and lambing.

If the building was brought into use after the 20th March 2013, what date was it brought into use? (DD/MM/YY)

Please provide details of its use since it was brought into use:

Please attach written confirmation from the landlord and tenant confirming they both agree to the change of use.

Has an agricultural tenancy agreement been terminated in the year before development is proposed to begin for the purpose of carrying out the change of use?

The cumulative area of land within its curtilage which is proposed to change use:

4. Description of proposal (Continued)

Please describe the proposed development, including relevant information on the siting and location of the building:

The building is situated to the east of the track which leads to Monlas and the fields/yard to the south. It is our proposal to convert these loose boxes and farm storage area/workshop into 2 single bed dwellings. This will be completed within the existing foot print of the building and where possible making best use of existing openings. It is intended to use the conversions as holiday lets.

Please give any relevant information on transport and highways, noise, contamination and flooding risks on site. A flood risk assessment should be provided with the application in Flood Zones 2 and 3, and in Flood Zone 1 where an area which has critical drainage problems has been notified to the Local Planning Authority by the Environment Agency:

The building is not in any flood zones.

The site has good access onto Northwood Lane Spur and subsequently onto Northwood Lane.

There is plenty of space for cars to turn and leave in a forward gear on the site.

There is no known contamination on the site.

Noise from the development is not thought to increase over and above that of its current lawful use.

For further information please see attached statement.

Please give a description of any exterior alterations which are proposed to the building including information of any intended partial demolition reasonably necessary to carry out these works, work involving the installation or replacement of windows, doors, roofs, exterior walls and work involving the installation or replacement of water, drainage, electricity, gas or other services.

Please see attached plans of existing and proposed.
