

## APP/18/00672 Land off Westwood Close, Emsworth

[REDACTED]

Mon 20/08, 23:05

I am objecting to the above development.

As a life long Emsworth resident I take great pleasure in walking daily in the local area. This development would impact greatly on one of my favourite walks. It is our responsibility to respect and protect Emsworth for future generations.

One of the features of Emsworth are the two large mill ponds on either side of the town, the proposed development is on the floodplain which could have catastrophic consequences for future residents of Emsworth.

Don't put Emsworth at risk of flooding by building this development.
