PLANNING REF: APP/1700311

FURTHER COMMUNICATION 21/04/17

We object to the above plan, reasons listed below

1. CAR PARK backing onto our property as it will cause noise disturbance, smell and fumes. It will also impact our privacy, outlook and security. This compromises the use of our chalet which is positioned at the back of our garden.
2. You have suggested employing an acoustic Fence, This fence would need to be 2 1/2 mtrs high min.

Yours faithfully
