HAVANT BOROUGH COUNCIL
PLANNING DEPARTMENT
REF APP/17/01014

Dear Sir / Madam

We would like to put in an objection for the proposed building of a garage to the front of 78 Silvester Road, as it will block the light from my Dining room which is down the side of the building and has only one window.

An application for a garage was put in a number of years ago and was blocked for this reason. As it is now I have a brt fence which blocks out some of the light.

Yours Faithfully
