Waterlooville
PO7 8NY
15th March 2017

Dear Sirs,

Re - Application APP/17/00214
7 Sapphire Ridge Waterlooville
Proposal - First Floor rear extension

We currently look out directly at the rear part of the side of No 7 and our outlook from our lounge & bedrooms will definitely be impacted upon adversely by the proposed extension, as will the amount of light particularly in the winter.

We have a substantial hedge on the boundary with no 7 and this cannot be allowed to be damaged, and therefore no access, scaffolding or any building materials will be allowed on our land (this has already been discussed with the appellant).

I trust you will take my comments into account when considering your decision.

Yours faithfully
