Dear Sir or Madam

We recently wrote to you voicing our concerns regarding the building of 2 property's on the former Scotts Hut in Meyrick Road Havant Ref No:- APP/15/01243. Since our last letter we have had a better look at the plans and the size of the bedrooms are smaller than the minimum area and width of the Building regulations, also the size and width of the garage and drive way are not fit for purpose which means any tenants will have to park locally on the road causing further congestion. The plot size is not suitable for 2 x 3 Bedroomed property's.

In my last letter I told you of my concerns over the privacy to my property. I would ask if a fence or wall can be put up before any building work starts. Ourselves and other local property owners would like to have a meeting with the Council to air our numerous concerns.

Hope to hear from you soon.

With regard.

Elaine & Terry Milne.
