Subject: App/15/01084 - Flats 1-9 Oyster Mews, Emswroth
Attachments: Oyster Mews - planning for windows.pdf

Dear Kate,

I have attached the documents requested regarding the windows we are looking to replace. From our previous application we were told by planning the windows on the inside of the court yard would not be an issue if we went with white plastic it was only the high street windows and spring garden side.

I have included all windows and numbered them accordingly.

Windows 1-12 will be replaced with Window A design/style
Window 13 will be replaced with window G design/style
Window 14 will be replaced with window G design/style
Window 15 & 16 will be replaced with window G design/style
Window 17 will be replaced with window C design/style
Window 18 & 19 will be replaced with window G design/style
Window 20 will be replaced with window D design/style
Window 28 & 29 will be replaced with window B design/style
Window 30 & 31 will be replaced with window F design
Window 32 will be replaced with window H design
Window 36 & 34 will be replaced with window C design
Window 35 will be replaced with window A design
Window 25 & 26 will be replaced with window A design
Window 27 will be replaced with window C design

If you can please confirm that this is now acceptable now for the planning application to be considered I would be grateful.

I look forward to hearing from you shortly

Regards
janet
