

17th September 2019

REF: APP/19/00860

Dear Mrs Pickup.

With regards to the above dwelling application.

my concerns are as follows:

looking at the plans I can see that the walkway from the side entrance between the new build and the existing house seem to suggest that it is a straight walk through which it isn't it already has a dividing fence added to the back of the existing house which doesn't allow this walkway as suggested.

I have lived here for 23 years and have enjoyed the fact that I can look out from my back garden and have the sense of open space, having this new build will most definitely make me feel overlooked and crowded.

Im Sure when the original houses were built if it were intended to have an extra house on the end of the run in Selbourne it would have been built at the time.

I've lived in Leigh Park all my life and have enjoyed living at this address due to the fact of the space and greenery

with regards
