To whom it may concern,

Regarding the proposal of new Lidl store on the Island, I am elderly & have to rely on friends to take me to your store in Leigh Park, like many other old & young alike it would be a godsend to have a Lidl here, two very good reasons, very good value for money & also, not having to rely on transport off the Island (which is already heavily congested.)

We urge the powers that be to let this happen quickly as possible.

Yours sincerely,
