Subject: Planning application for 1 Maylands Rd

Hi all

This is in response to the application to demolish No 1 Maylands Rd and the building of 5 dwellings. I am totally opposed to this development on the grounds that Maylands Rd cannot cope with this development because there just isn't enough room for more cars parking in this road. Already people living on Bedhampton Hill Rd park here and people living on the newly developed Scratchface Lane development leave their cars here to get buses as it's easier than walking that distance. And of course there is the loss of yet more of Bedhampton's open space - particularly unacceptable as the Bedhampton volunteers work hard to keep some semblance of what is only a village.

Hopefully this is the right address - if not please send it on to the planning department or send me the right address.

Thanks for your help

Greg Nicholls
