For Mr D Eaves.

I am writing once again to complain about this application. I have complained on each of Mr Cooks previous applications and feel that this time I have a more valid reason for not wanting this dwelling overlooking my property. On each of the previous occasions there were trees screening his property from mine, he has had these removed, and there is no screening at all between the properties.

With this property there will be more noise and pollution, not to mention the noise and pollution during the building works. My wife and I like to sit in the garden with our grandchildren, that will be impossible, we feel our enjoyment is being taken away.

In closing I would like to say that during all of these applications, not once has Mr Cook had the common decency to walk round the corner and discuss his plans with me or my daughter, and yet he plays golf with my son-in-law.

I would appreciate a reply to this e-mail. Thank you.

Mr J. E.Smith. 207 London Road, Waterlooville.
