Subject: Letter in support of planning application APP/15/01355

Dear Sir/Madam

I am writing in support of the above planning application.

As a resident of Hayling Island, and having been brought up in The Kench and at Windsong in Ferry Road, I am aware that the Tamarisk site has long needed redevelopment. (Tamarisk, Ferry Road, Hayling Island, PO11 0DG).

It is to be commended that the applicant has chosen to work with one of Britain's best modern house designers, which have already built another outstanding house on Hayling, and whose owner has written in to support this application. This investment in good design is a vote of confidence in the future of Ferry Point, and also it fits with the ambition for Ferry Point of the Hayling master plan.

Hayling is an undiscovered gem of the south coast with a potentially rosy future ahead of it, and it is a modern design like this that will assist that vision. There are already some very fine examples of modern design on The Kench, and we think that the trend should be encouraged.

We believe that this design is comparable and consistent with its immediate neighbours in terms of size and impact, and that this application should be approved and that it would make a hugely positive contribution to the area.

Yours faithfully

Victoria Greenley
